*Hotels, Spa & Golf Resort*

## COVID-19: WE HAVE YOU COVERED!

It is our duty of care to ensure your safety is a priority and respond to any concerns during these ever-changing times. Here are the precautions we are putting in place prior to your arrival.

- Alcohol-based antibacterial hand sanitisers for all guests onsite
- Frequent cleaning of all surfaces
- On-call medical practitioners
- Boxes of tissues available
- Rest rooms will be checked & cleaned on a regular basis and replenished
- Frequent sanitation
- Onsite signage to educate all attendees

## COVID-19: TOP TIPS

- Wash and sanitise your hands regularly
- Make use of the onsite alcohol-based antibacterial hand sanitisers
- Cover your face with the bend of your elbow or with a tissue if you cough or sneeze. \* Tissues will be available onsite as well as closed bins to dispose of them in
- Avoid touching your face with unwashed hands
- Don't shake hands: rather wave at the person you are meeting with
- Clean and disinfect frequently touched objects and surfaces
- Stay home when you are sick and try and keep distance from others at home
- Fill out your details correctly when registering! Should we need to contact you about anything, we need to have the right information to get in touch with you
- Need advice? You can contact the contact the 24hour General Public Hotline 0800 029 999

## COVID-19: TRAVEL TIPS

- If you become sick while travelling, inform crew & seek early medical care
- If you seek medical attention, share your travel history with your health care provider
- When coughing or sneezing, cover your mouth and nose with a flexed elbow or tissue and throw it away immediately and sanitise your hands
- If you choose to wear a facemask, be sure to cover your mouth and nose and avoid touching the mask when it's on
- Throw away single-use facemasks immediately after use and wash hands thereafter
- Avoid touching your mouth, nose or eyes
- Avoid close contact with people suffering from a dry cough & fever
- Frequently clean hands by using alcohol-based sanitizer or soap and water
- Avoid travel if you have COVID- 19 symptoms: a dry cough and fever
