

For the love of nature – Day trip / Flagship weekend package

Fairview Hotels, Spa & Golf Resort supports responsible tourism and hereby offer our flagship weekend package to the discerning guest, who also share an appreciation for our natural heritage.

For the love of nature – A big 5 experience

Join us on a day trip to the SanWild Wildlife Sanctuary, only 60 km from Tzaneen, and experience the wonder of the natural African bush.

Itinerary

Departure: Saturday morning at 8h00 – Fairview Hotel

Returning: Saturday afternoon

Arrive at the Sticky Tongue Luxury Private Bush Camp at Sanwild,

Welcoming, coffee and rusks

Depart on a two hour game drive, on a SanWild game viewer, accompanied by an accredited wildlife guide who will be assisting the group with information on the sanctuary and what it has to offer, as well as on the natural fauna and flora of the area while driving through the 2600 ha wildlife reserve.

Return to base camp, freshen up.

Sit down to a typical South African bush-brunch, on the large wooden deck, overlooking the drinking hole, while roaming animals come and go to quench their thirst.

Guests can relax at the rock pool and lapa bar and enjoy the peaceful surrounds of the African bush before returning to Fairview Hotel late afternoon.

About SanWild Wildlife Sanctuary

In South Africa's Limpopo Province there is a magical Wildlife Sanctuary where the animals own the land and humans are merely the caretakers. Here rescued wildlife has been set free in a protected reserve to live their lives wild and free.

Situated in the heart of the sanctuary is the SanWild Safari Lodge. Here you will find much more than just another wildlife experience. Awareness tourism is a brand-new concept for the discerning guests that would like to learn more about modern-day conservation and the daily challenges wildlife sanctuaries face to protect the wild animals in their care.

Successful wildlife rescues and rehabilitation was instrumental in repopulating this 2,600 hectare Big Five wildlife reserve and species found in the protected refuge include: Impala, Kudu, Blue Wildebeest, Eland, Waterbuck, Common and Mountain Reedbuck, Grey Duiker, Nyala, Giraffe, Burchell's Zebras, Steenbok, Sharpe's Grysbok, Klipspringer as well as the Big Five.

Some very elusive and rare creatures like Pangolin and Aardvark have also chosen of their own accord to make this protected reserve their home. Wild leopard, cheetah, buffalo, and rhino roam freely on the sanctuary as does a herd of rescued elephant.

Visitors can also see many small predators like serval, caracal, and civets. SanWild's large predator sanctuary is home to lions rescued from South Africa's sordid canned lion breeding and hunting industry. The lions live in large natural habitat enclosures in their respective prides and are cared for by the sanctuary's staff.
